AHS Worldwide <support@ahsworldwide.org> to me 10:22 AM (1 minute ago)

Thank you for joining our growing AHS Worldwide community! As an independent, faith-based, K-12 school of 50 years, our single most important goal is to support you with options—options for multi-child group learning, student-led independent learning, or even hybrid learning that combines school and homeschool. Because no family is the same, options are powerful. We hope you find tools and resources at AHS Worldwide that support your objectives and needs in educating or facilitating the education of your children.

Welcome to AHS Worldwide!
Peter Knecht, Director of AHS Worldwide
